Master Gardener Speaker Schedule

(located under the RED ZONE)

Arizona Master Gardeners are university-trained volunteers who serve as community educators. They work with the University of Arizona providing research-based information on environmentally responsible gardening and landscaping to the public. The Maricopa County Home Shows would like to thank Sharon Dewey, Instructional Specialist from the Master Gardener Speaker Bureau at the University of Arizona and all of the Master Gardener speakers present and past, for their unending commitment to teaching gardening and landscaping to the homeowners in our community at the Maricopa County Home Shows.

Maricopa County Home Shows

green exhibitor

Green Exhibits are showcased at the March Home Show!

Hundreds of Sustainable Living Featured Exhibitors will showcase their Green Products at the March Maricopa County Home & Garden Show-Look for the exhibitors with the Green Planet stand!

3rd Annual TOP FLORAL DESIGN COMPETITION

If you love flowers, beautiful design, creativity and more, this is for you! The 4th annual Top Floral Design Competition brings together the best of the best in fabulous floral designers showcasing their best bouquets! The home show extended the offer for every local floral designer to bring their best floral bouquet to the show for your viewing pleasure and critique. Meander down the home show aisle and discover your favorite bouquet! Once you choose, you will have the opportunity to vote on your favorite!

Hint: Bring your camera for this one!

The Hottest Solar Pool System Ever Made... By Heliocol

Swim in Winter... With the New SunXtreme Solar Pool System from Heliocol. The SunXtreme has been in the development process for over five years.

And now the world's number one solar pool manufacturer is launching this new and exciting solar technology right here at the Maricopa County Home Show. The new technology is so unique and sophisticated that many other energy industries are interested in further applications in addition to Swimming pool heating. One look at the New Solar collector and you can see why this unique Technology is so efficient. Heliocol extrudes its collector feature right inside a special Lifetime Glazing material. This Glazing significantly increases the performance of the solar pool collector while at the same time reducing solar radiation refraction during the colder months of the year. This allows solar heating during these typically colder months where solar would not have previously been able to contribute energy to the pool.

The result is a longer, Warmer, Swimming season with Solar. Another advantage of the SunXtreme is the smaller footprint needed for the solar collectors. In many cases a small patio cover or even a block fence can be utilized to install the SunXtreme solar collectors to help them to blend in aesthetically on any property.

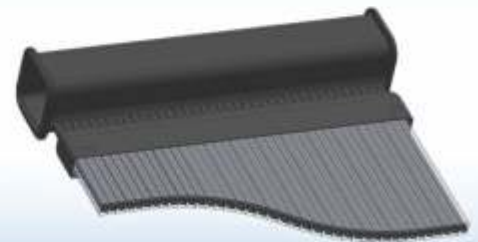

The New ***SunXtreme Solar Pool Collector*** by ***Heliocol*** will be on display at the Home Show. For more information you can call Heliocol direct at **602-454-7000** Or request additional information at **Hybridsolar.com**

Not Getting a Good Night's Sleep?

Human beings spend on average one third of our lives asleep, and still, insufficient sleep is a public health epidemic. Sleep is increasingly recognized as important to public health, with sleep insufficiency linked to motor vehicle crashes, industrial disasters, and medical and other occupational errors. Unintentionally falling asleep, nodding off while driving, and having difficulty performing daily tasks because of sleepiness all may contribute to these hazardous outcomes. Persons experiencing sleep insufficiency are also more likely to suffer from chronic diseases such as hypertension, diabetes, depression, and obesity, as well as from cancer, increased mortality, and reduced quality of life and productivity. Sleep insufficiency may be caused by broad scale societal factors such as round-the-clock access to technology and work schedules, but sleep disorders such as insomnia or obstructive sleep apnea also play an important role. An estimated 50-70 million US adults have sleep or wakefulness disorder.* Check out the **Mattress Firm's** "Sleep Center" which will have over 10 different types of mattress to nap test; various Temperpedic's, Adjustable frames, Seally body beds and queen size self-inflating EZ Beds. They will also have a "Pillow Pavilion" which will feature the new sleep technology products like *Protect-A-Bed* for mattress longevity and mattress rejuvenation. Get that new bed and finally get a good night's rest!

4:00 Financial Strategies with Jerry Henige from Met Life

Springtime Landscapes

Springtime and the fabulous Arizona weather ushers in a desire to spend quality time living outdoors. What better way to kick off this spring than with a new landscape for your home! The home show gives you the opportunity to walk through magnificent landscape displays created by expert licensed landscape contractors who will be showcasing the best that Arizona has to offer in creative outdoor living.

Exotic Scapes is once again pushing the boundaries in the landscape industry with a whole new concept! They are taking their classic lush tropical landscape and combining it with a Zen garden with a touch of feng shui. This new landscape theme is going to be dubbed "Tropical Zen Oasis!" There will be a huge grotto waterfall with multiple falls & a flowing stream thru out the display surrounded by lush colorful plantings. Come walk thru the White Zen sand garden across the bridge, over the water to the bbq area covered with a beautiful wood pergola. As you exit the display you will cross another bridge over the waterfall thru a green hillside turf area. Feel free to sit and enjoy the view on the custom built benches around the water-firefeature conversation pit while the kids play with the stones in the zen rock garden. Our special quest "Kanoni" an African Gray Parrot will be chirping away on his favorite wood perch by the waterfall so feel free to come say hi and always remember to..."Enjoy Life Outdoors!"

Desert Showcase: Relaxed Elegance

Multiple design elements combined with proper plant selections are what make you say "Wow." Step into this display to see the latest trends in landscaping. Beautiful wooden shade covers, paver patios and BBQ's create the outdoor living space while thoughtful plantings and water features invoke that sense of inner peace and tranquility. Finishing touches such as planter pots and lighting draw it all together.

Gardener's Eden Landscaping: Solara shade with Spring Flowers & Veggies Garden

Enjoy spring in Gardener's Eden Landscaping display complete with colorful flowers, veggies and unusual plants grown at Gardeners World Nursery. The paver walkway leads to a Solara Ramada set on 3 colors of travertine. The Solara open/close unique design allows you to open or close the aluminum louvers for full shade, sun for winter warming or rain protection. Relax as you sit on the gabion seat wall and enjoy the artistic magnesium board 6 foot tall back-drop. Listen to water bubbling from the creative water feature. Amongst the lounge areas, vegetated zones are intermingled between the artistic features and

plants. Meet our outstanding designers who can plan and install your year round garden for relaxation and entertainment in your own Garden of Eden.

Unique Rock and Waterscapes: A tranquil backyard paradise could bring countless hours of relaxation. Sashe' on the paver walkway to an outdoor kitchen, including a BBQ. Sit a spell on the bench after picking lemons, squeezing, adding ice and a paper umbrella to enjoy the lush velvet greenery. Sit along the seat wall around the cozy fire pit. Get ready to yell "FOUR" when you attempt to use the putting green.

Ritter Boys' Landscapes: The backyard that you and your kids have always dreamed of! Today's most popular hardscape, concrete paver integrated within the design of the safest water play area available creates a new paver splash pad. Come take a look for yourself and see how this new kid's play area blends right in to your existing landscape. This innovative take on water play areas allows your backyard to look as beautiful as ever while still providing a cooling water play area that you and your kids or grandkids can enjoy throughout the years.

Advant Edge Landscape: will present our most contemporary design to date featuring visually colored walls that enhance the flora of the valley. Our display will feature a unique water feature and beautiful custom furniture. This display will have a twist on outdoor living that will become a must for every trendsetter. It's new and it's exciting!

Round up your wagon

for the 4th annual
Garden Club plant sale!

With hundreds of plants being offered for sale by various Garden Clubs around the State, this is your opportunity to choose your plants from thousands of species while also being able to talk to the plant experts!

Bring your tote, wagon, cart, push it or pull it, as multiple Garden Clubs will be on hand selling top quality plants!

“Spring for the Animals” with Maricopa County Animal Care & Control

Annually, the Maricopa County Home Show is committed to supporting an organization within our community that will receive benefits and contributions from us to support its mission. We are pleased to announce the Maricopa County Animal Care and Control as the March Maricopa County Home Show benefactor. The MCACC mission statement is “To promote and protect the health, safety and welfare of people and pets in Maricopa County.” Their vision is: “Animal Care and Control strives to reduce the dangers and nuisances caused by irresponsible pet ownership, and to protect pets from abuse, neglect and homelessness.” Even though MCACC is a county agency, it only receives 4% of its operating budget from the county. The rest comes from licensing and adoption fees, contracted field services and donations from the public. Please help us in supporting the MCACC by donating: puppy/kitten formula (milk replacement), puppy/kitten nursing bottles, puppy/kitten canned and dry food, all sizes beds, clean bath towels, durable dog toys, especially KONG

toys – all sizes needed, dog & cat treats, cat toys (any kind), cat scratching posts, dog collars & leashes, CANNED dog and cat food, SCOOPABLE cat litter. **Receive “Free” admission into the March Home Show by donating any of the items above to benefit MCACC at Gate 2.** A table will be set up next to the ticket window to drop off your donation and pick up your free ticket to the show!
